and it is hoped to make it a rousing suc-
cess. Will guarantors please take note
that a meeting will be held on Monday
next to discuss plans that will put the proj-
ect over with a bang.

Final Lecture Course Concert
a Success

Wm. H. Stout, president of the Inter-
national Lyceum Bureau, said in his lec-
ture here this winter that Josephine Mar-
tino, soprano, the star artist of Monday
evening's concert, would not be heard
after this season in small-town circuits.
Usually we are not given to putting faith
in press-agent prophecies, but in this case
we are obliged to admit that we agree with
Mr. Stout. If Miss Martino receives the
recognition in musical circles that her un-
usually lovely voice merits, she will soon
be among the head-liners in her profession.
With her beauty and charming personality
to enhance the almost flawless instrument
of her voice, she should go far on the road
to fame.

Her numbers on Monday evening were
chosen carefully, and comprised selections
of varied style, showing to marked advan-
tage the flexibility and adequacy of her
technique. Perhaps the most generally
pleasing was the closing number, which
consisted of three selections "By the Waters
of Minnetonka", "Elegie, by Massenet, and
a Spanish Love Song, all with violin obli-
gato. Miss Martino also gave us one se-
lection the always lovely "At Dawning"
by Cadman, to the intense pleasure of her
audience.

Her assisting artists were uniformly sat-
isfactory, the violin solos being especially
enjoyable, and the pianist, though ham-
pered by the poor condition of the piano,
thoroughly pleasing her hearers.

Altogether, the Woman's Club has rea-
son to congratulate itself on a remarkably
successful course.

Another Successful Dance

The Morrisville Military Band has ac-
quired a justly-earned reputation through
the series of dances which have been given
this winter. The St. Patrick's Ball on
Thursday evening clinched the matter.
The concert was thoroughly enjoyable,
and the dance program following was full
of zip and go. The entire Band furnished
music for the larger part of the dance num-
bers, and a particularly interesting item
in connection with this was the Portland
Fancy. It seems that music for this dance
is not published arranged for band use,
but nothing daunted, Mr. C. Porter Greene,
leader of the band, set to work and wrote
the entire score for the different instru-
ments, the results being worth hearing.
A good crowd attended both the concert
and dance. The net proceeds \$6.75 will
be used in purchasing three new instru-
ments for the Band.

Surprise Party

Last Friday evening about 30 members
of the Baraca and Phidathia classes of the
M. E. S. School went to the home of Roy
LaFontaine on the Elmore road to re-
mind him of his birthday. The evening
was spent with games and music, after
which the party had new sugar, coffee
doughnuts and a birthday cake made by
Mrs. J. R. Parker and presented by Eugene
Call a member of the Baraca class. Then
came the presentation of an umbrella from
the class. The speech was made by Rev.
W. T. Best telling in a humorous way
how he obtained the umbrella. All re-
ported a fine time.

Celebrates Eightieth Birthday

Mrs. Olive Gilbert, one of the most-loved
and respected residents of our village, ce-
lebrated the eightieth anniversary of her
birth yesterday. The day was spent quiet-
ly at her home on Summer street, and she
was the recipient of many remembrances
from her friends, including flowers, letters
and a host of post-cards. In the after-
noon an informal reception was held, a
large number calling to pay their respects
and offer congratulations. Mrs. Gilbert's
daughter, Mrs. F. L. George, served refresh-
ments of cake and tea to the callers.

Mrs. Gilbert is in excellent health, and
we are sure that nowhere is there a keener
wit or a livelier sense of humor than that
possessed by her. May she enjoy many
more anniversaries.

Card Parties

Mrs. C. A. Slayton and Mrs. A. M.
Goddard entertained at cards last evening,
the occasion being one of the Woman's
Club parties given this season. Pro-
gressive five hundred was the order of the
evening, seven tables being made up, and
the event was pronounced most enjoyable
by all present. Head prize was presented
to Mrs. W. F. Churchill, who held highest
score, while the foot prize went to Mrs. R.
C. Wallace. Refreshments of chicken
salad, rolls and coffee were served.

A very pleasant Woman's Club party
was held last evening the hostesses being
Mrs. M. C. Greene and Mrs. L. C. Rob-
inson. Twelve ladies were invited, and
the group were the guests of Mrs. Pauline
Dodge at the first performance of "The
Wonder Man" with the French heavy-
weight champion starring, afterward re-
pairing to the Robinson home, where five
hundred was played until a late hour; prize
for high score being won by Mrs. W. I. La-
Baron and the foot prize going to Mrs. J.
M. Kelley. Refreshments of pineapple
salad, rolls and coffee were served.

HYDE PARK

Mrs. M. H. Goodhue has been confined
to the house by illness for several weeks.

Some of the golf enthusiasts were on the
links March 15th—somewhat early for
Vermont. They found the grounds good.

The Ladies' Home Culture Club listened
to an interesting and instructive address
Wednesday evening of last week by Hon.
R. W. Hubbard on "The Origin and De-
velopment of Our Government and Laws."

M. D. Cook and wife, who have been at
the Hyde Park Inn throughout the past
winter, have returned to their home in
Shoreham. They were very genial people
and guests and others miss them.

Charles E. Savery broke away from his
moorings last Wednesday and spent the
day in Burlington, where he was greeted
by many friends. It was his first day out
of town in a year and in spite of his lame-
ness he enjoyed the trip.

The ladies of the Home Culture Club
held their annual "musical" at the home
of Mrs. D. H. Scribner last evening. Over
forty were in attendance and a very in-
teresting event it was. The program was
made up of readings, songs in costume, so-
los and choros, and instrumental music.
A very pleasing feature was the violin so-
los by Philip Goddard, accompanied by
Mrs. Page.

Death of Orlin Spaulding

Orlin Spaulding, the oldest native of
Hyde Park, died last Thursday at his
home in this town after a long illness. He
would have been 87 years old had he lived
until next May. He is the last of his
father's family. He is survived by a
wife and four children—Nora, Mrs. Kate
Eastman, Mrs. Clara Hubbard and John.

The funeral was held from his late home
last Saturday, Rev. Mr. Mercer officiating.
Burial was at the Center.
Mr. Spaulding was well known through-
out town and had many friends. He was
a close student of human nature and took
an active interest in current affairs. A
great reader he was well informed on past
and present events. His death is lamented
by many. Sympathy is extended to the
bereaved ones.

Congregational Church

Easter will be observed next Sunday at
the Cong'l church with unusual impressiveness.
A number of new members will be
welcomed into fellowship, several children
will be baptized and communion will be
administered.

A large choir of young people are re-
hearsing special Easter music. Flowers
and plants are solicited for the decora-
tions from all who have them to spare.
The church will be open to receive them
early Sunday morning until the time of
the service at 10:45 o'clock.

There will be a Good Friday service in
the vestry Friday evening at 8 o'clock, pre-
paratory to the Easter communion. A
large attendance of members is hoped for
at this time, as the new members will be
formally voted upon. This meeting will
be preceded at 7:30 o'clock by a conference
for the benefit of the young people who
are to join the church on confession of
faith.

The salary of the Lamoille County
Clerk has been raised from \$1200 to \$1400;
that of the Probate Judge from \$600 to
\$1040 and that of the Sheriff from \$600
to \$800.

Morrisville Beauty Parlors

I have recently made a special study of the treatment of facial
blemishes and I am now prepared to give you a treatment properly
termed as "NATURE'S BEAUTIFIER." It banishes wrinkles, blackheads,
pimples, and skin impurities.

This method is not new in the profession, but it is the first time
the ladies of Morrisville and vicinity could obtain the benefit of it with-
out going to the large cities.

These treatments demand from \$1.25 to \$2.25 each, but for EIGHT
WEEKS I shall offer them to my patrons for 75 cents.

DON'T MISS THIS OPPORTUNITY.

NOTICE

In view of the present agitation over
House Bill 380 in the Legislature at
Montpelier, Vt., relating to the educa-
tional requirements for Chiropractors,
and also informing those who think a
person may take a short course of a few
weeks' duration in Chiropractic and be-
gin practicing immediately, I would re-
spectfully submit a few facts:—

A few of the subjects studied in a re-
cognized school of Chiropractic are Ana-
tomy, Histology, Symptomatology, Chi-
ropractic Philosophy, Chiropractic Or-
thopedy, Palpation, Chemistry, Physiol-
ogy, Hygiene, Obstetrics, Nerve Tracing,
Chiropractic Adjusting and Gynecology.
As a Chiropractor does not use Materia
Medica and kindred subjects he does not
study them.

Subtracting the hours spent in these
latter subjects (not used by Chiroprac-
tors) the Physician is required to spend
only 2130 hours.

The Chiropractor by the same method
of reasoning is required to spend three
years of six months each, or a total of
2051 hours.

The special medical subjects studied by
Physicians require, approximately, half
of their time.

This is the same with Chiropractors,
the total number of hours required by
the most widely recognized school of
Chiropractic being 4,103½.

The above requirements for Physicians
are for the state of Iowa, but are regard-
ed as a fair comparison.

In the last analysis, knowledge must
be measured by results, rather than by
the number of hours or the preliminary
education spent in acquiring it.

From October 1st to December 25th,
1918, in the state of Iowa, statistics
show that the number of cases of "Span-
ish Influenza" under medical treatment
were 93,590. Of these 6,116 resulted in
death. During the same period the Chi-
ropractors in Iowa cared for 28,046. Of
these 34 cases resulted in death.

The IOWA MEDICAL DEATH RATIO
IS 1 to 16;
The IOWA CHIROPRACTIC DEATH
RATIO IS 1 to 789.

Spencer says: "There is a principal
which is a bar against all information,
which is proof against all argument, and
which cannot fail to keep a man in ever-
lasting ignorance."

That principal is CONDEMNATION
BEFORE INVESTIGATION.
